ILLINOIS POSSE TRAILS
TWO OFFICERS' SLAYED

With Fear Bombs, 50 Men
Seek Miner Who Killed
Shayler and Police Chief

Known to the Post-Dispatch.

TOLUCA, Mex., Sept. 22.—A man with fear-bombs, a posse of men prepared today to go into a search for a man named Stimpus, a 60-year-old lawyer is believed to be the killing.

Stimpus, a lame coal miner, shot and killed Sheriff Orellana, Toluca, who served as the local chief of police, during the Mexican Revolution. He fatally wounded John Leonard, 52, local Chief of Police, when they entered his home last night to arrest him for beating his wife, Tatcha, who also served as the local chief during the Mexican War. He was shot through the heart as Stimpus rose from the supper table with his rifle in his hands. The next shot took Stimpus down. The body of Leonard lay slumped on the house and was carried home by Deputy Sheriff Darcey. He died shortly after

ward. When Darcey returned, with a posse who were poured into the Stiggins' house at a time the beleaguered man returned the door. When he no longer responded, the posse rushed the building, only to find Stiggins gone and eight rifles lying on the floor.

Bloodhounds followed the slaves to a corn field two blocks from his home. He had escaped in the darkness. The posse guarded it last night, and supplied with tear gas, they were ready for a new offensive today.

Stiggins has been known for years as a "bad man" and is the survivor of numerous shooting affrays. He terrorized this entire village

throughout Monday with a rifle.

FIVE PERSONS INJURED IN AUTO ACCIDENTS

Boy, 8 and Girl, 5, in Hospitals
With Fractured Skulls; Four
Drivers Arrested.

Five persons were injured, four of them seriously, in automobile accidents yesterday and last night. Slippery condition of the streets, resulting from the rain was a contributing cause in three of the accidents.

Herman Morris, 8 years old, of 514 La Salle street, suffered a fractured skull at noon when struck by an automobile as he was crossing Seventh boulevard, at Hickory street, on his way home from school. The driver, John Grimm, 23, of 910 Regina avenue, St. Louis County, was arrested.

Crossing Broadway, at Souard street, at 7 p. m., 5-year-old Dorothy Groom of 1507 Seventh boulevard, was struck by an automobile driven by Frank Mitchell, 22, of 605 Souard. At city hospital the child was pronounced suffering from a fractured skull. Mitchell was arrested.

Miss Edna Basler, 24, of 4112 McKee avenue was internally injured at 5 p. m. when struck at Polson and Klemm avenues by a machine driven by Albert Meyer, 52, a real estate dealer of 6112 Hoffman avenue. Meyer was arrested.

Skidding into a Cass avenue street car at Arlington and St. Louis avenue, at 5:20 p. m., when his brakes failed to stop his automobile on the wet street, Fred Davis, 22, a laborer, of Kinloch Park, was thrown from his machine, suffering a lacerated scalp and possible brain concussion.

Joe Kearney, 35, of 3522 Clark avenue, suffered face lacerations and body bruises at 3 p. m. when struck by an automobile truck at Ewing and Chouteau avenues, driven by Louis Dwyer of 4924 Eitel avenue.

Would Bar Alienist Testimony.

By the Associated Press.
CAMBRIDGE, Mass., Sept. 22.—Dr. Sterling C. Wyman, Commissioner of Lunacy of the State of New York, who has testified as an expert alienist in many trials, urges that the professional alienist be barred from the courts. In an address at the opening of the new term at the Middlesex College of Medicine and Surgery yesterday he suggested that where expert testimony of this nature was required the judge choose from a list of approved mental specialists a single alienist to testify for either side.

Our Windows Present Enchanting Visions of Beauty That Abounds Within

OUR windows are a stage whereon we have placed brief scenes
that portray the charm in the Autumn mode. Gowns, originals
and faithful reproductions of models by renowned Paris cou-
turières—accessories that are unique and here directly from the Paris
Exhibit des Arts Decoratifs—formal costumes in ensemble displayed
on original silver mannequins which best interpret the modernistic
note in the mode. As informing as a stroll down the Rue de la Paix
are the views, for they mirror the choice of Paris for Fall '25.

The Formal Presentation of Fall Fashions
Begins Wednesday, September 23

As the cycle of color and style moves with the seasons, a new
vision greets the eye. Colors with verve capture one's fancy and
styles of new daring bring a freshness to life. From Paris... from
New York... from Fashion centers where thought and skill create
beautiful things for the adornment of woman, come new allure-
ments to grace the serious and frivolous moments of life. Autumn
of the Fashion World bids you greeting in this formal opening.

New Sport Coats Are Vividly Colored

—for they are tailored of loom-woven materi-
als, combining vivid colors to a dashing end.
They are made straightlined to show the beauty
of Rodier styles in fabrics, topped with deep
fur collars. Prices range from \$210 to \$125.

Sport Habits Speak of Jersey

—the favored sport fabric this season. Whether
in one piece or two piece, the habit shows bril-
liant embroidery or painted designs on somber
shades. Novel details of tailoring individualize
models. Prices range from \$89.75 to \$39.75.
(Sport Center—Third Floor.)

Formal Gowns Spun of Silver and of Gold

—bring dreams of fairy palaces, for the radiance of moonbeams is caught
in black velvet and chiffon embroidered in brilliants and the splendor of
the far East is surpassed in metal Frocks of cloth with threads of silver
and of gold. Exclusive Gowns copied from creations by Lanvin, by Moly-
neux, by Agnes and others are here to enchant the modern princess. Very
formal Gowns with trains, Dinner Gowns set with gems, and semi-formal
Frocks of smart simplicity—each one depicting a new style trend in an
individual manner—are presented at prices ranging from \$395 to \$175.
(Costume Salon—Third Floor.)

For the Formalities Ermine Becomes Her

—this modern princess who steps
abroad wrapped in a luxurious fur
cape or coat. Skins worked in original
ways emphasize the intricacy of line
decreed most smart. For formal wear
she chooses ermine—for other occa-
sions broadtail, mink or baby caracul.
Wraps of new elegance await her in
select furs priced from \$2500 to \$795.
(Fur Dept.—Third Floor.)

Dress Coats Adopt Much Fur as Trimming

—and achieve an effect that is en-
chanting whether the coat flares, as
many do, is straightlined, or wraps in
graceful folds. Every model is indi-
vidual and swings with Fashion in its
own clever way. The materials—En-
glish broadtail cloth, kashmir-duvetyne,
and others are rich in effect and show
in a pleasing manner the novel appli-
cation of the fur trimming. Prices
range from \$315 to \$195.
(Women's Coat Dept.—Third Floor.)

Negligees Are Decidedly Feminine

—for they are made of satin or soft
silk with flowing sleeves sparingly
trimmed in lace, but blooming to new
beauty with puffs, bands, and hand-
painted motifs exquisitely charming.
Lovely are the colors which glow in
harmonies individualizing every model
and distinguishing this collection.
Prices range from \$40 to \$10.
(Second Floor.)

Daytime Dresses Are Decorative

—to a loveliness not often seen at so
moderate a price. Beautiful, brocaded
chiffon velvets in rich hues fashion
straight-lined, long-sleeved frocks or
sleeveless bodice frocks gracefully be-
coming. Some are fur-trimmed, others
achieve cleverness with self-trimming.
They are priced \$29.75.
(Moderate Price Dress Dept.—Third Floor.)

The Misses' Frocks Show Artful Designs

Many Frocks to be worn on the street show decorative touches that
emphasize the prevailing note which is simplicity. New pockets with col-
orful applique design, back closing, and novel necklines are a few of the
details which distinguish the misses' frock in silk and in wool for Autumn.
Misses' Evening gowns are individual in design, coyly concealing
the youthful touch in their modeling. Prices range from \$125 to \$35.
(Misses' Store—Third Floor.)

TEN MEN SUED ON Y. M. H. A. PLEDGES

Agreed to Give \$100 Each to
Building Fund, It Is
Alleged.

Ten men, who signed pledge cards by which they agree to give \$100 each to the building fund of the Young Men's Hebrew Association, have been sued by that organization for violation of contract. In other words, the Y. M. H. A. states that the pledges have not been paid.

The campaign for funds was made in 1921, and more than \$500,000 was raised for a new building at Union boulevard and Enright avenue, where construction work has begun. The donations were voluntary, and donors signed a card, which said in part:

"In consideration of the subscription of others, I promise to pay to Mark C. Steinberg, treasurer of the Y. M. H. A., Y. W. H. A. campaign fund the sum of \$100 for the purpose of a new building, payable as per terms stated below." The "terms below" for the \$100 subscribers state that one-fifth of the pledge shall be made by June 1, 1923, and the balance in semi-annual payments until June 1, 1925. These pledges were taken in 1921, and an official of the Y. M. H. A., when asked about the suits, said: "And those against whom suits were filed had showed no inclination to pay their pledges in full or in part. At least 80 per cent of the \$500,000 subscribed has been received, and most of the balance has been arranged for later payment. Letters we have sent to the parties named in the suits have been ignored. Will we file more suits? I hope we won't have to."

It is understood that one or two of the 10 against whom petitions were filed have already sent in their checks. If they have, in all probability those suits will be dismissed, and they will not appear with the others before Justice Moore on Oct. 7, to explain why the pledges have not, or should not, be paid.

The 10 named in the petitions, all of whom pledged \$100, and are being sued for that amount, are: I. Bernard, 5722 Waterman avenue; Hyman Kessler, 5795 De Giverville avenue; Israel Reiner, 5615 Washington avenue; Emanuel D. Faber, 4707 Lewis place; Harry Soffer, 4044 Washington boulevard; Morris Guber, 114 South Commercial street; B. Gordon, 1123 Washington avenue; Albert Shanken, 922 Washington avenue; Sam Goldberg, 1452 Franklin avenue; and William Seltzer, 517 Washington avenue.

CANTHROX
Shampoo

Today's Beauty Talk

Enjoy a delightful shampoo at very little effort and for a very trifling cost, by getting from your grocer a package of Canthrox and dissolve a teaspoonful in a cup of water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing, the hair dries quickly with softness that makes it seem heavier than it is, and takes on a rich luster and softness that makes arranging it a pleasure.

Look, Madam

At this remarkable new way of removing cleansing cream

Lightens Dark Skins 4 or 5 Shades
Ends Oily Skins and Noses
Holds "Make-Up" Fresh for Hours

THERE is now a right way to remove cleansing cream. A way different from any known before.

It is the first way ever known that removes all grease, grime and germ-laden matter from the pores.

It is made by one of the world's most famous makers of absorbents and marks a new era in beauty culture. Foremost beauty experts widely urge its use.

Now, so that all women may have the opportunity of trying it, a full 7-day supply is offered without charge. Just use the coupon.

What It Is

It is called KLEENEX... a new kind of material, white as snow and soft as down, with 27 times the absorbency of ordinary towels.

It ends the danger of the soiled towel method of removing cold cream... and avoids the harshness of paper substitutes. It comes exquisitely packed in attractive

handkerchief boxes. You use 2 or 3 sheets at a time—and then discard them.

These New Results

It removes all grease and germ-laden matter from the pores.

And that ends oily nose and skin conditions amazingly. For those are largely caused by cold cream left in the skin which the pores thus constantly exude.

It thoroughly cleanses the dirt out of the skin. And that lightens a dark looking skin 4 or 5 shades almost instantly.

It combats skin imperfections by keeping the pores free of germs, dirt, etc.,... chief causes of blemishes and eruptions. Towels, etc., rub most of this matter back in. Thus their use is now advised against.

It will hold your "make-up" fresh for hours longer than before. It will make a great and immediate difference in the texture and color of your skin.

Use the Coupon

Try this way. Note results yourself. Clip the coupon now before you forget. You will thank us many times for what it brings.

Communications Officer of
Shenandoah Testifies
There Was an Unusual
Expansion.

STORIES OF CIVILIAN
EYEWITNESS

None Saw Any Lightning
Near Ship or Evidence of
Fire—Sightseers Paid
Farmer \$5000.

By the Associated Press.

LAKEHURST, N. J., Sept. 22.—A new bit of testimony—that there was an unusual expansion of the gas cells before the airship Shenandoah broke up—was given today before the naval court of inquiry investigating the loss of the ship.

Lieut. Thomas H. Hendley, Communications Officer, testified he was awakened by the pressure of a gas cell on his face and likewise by the unusual angle at which the ship was riding. Previous testimony had been that at this time the Shenandoah was above her pressure height—that is where the inside pressure of gas equaled the outside pressure of the air.

Before Hendley was called, Lieut. Charles E. Bauch, watch officer on duty at the time, declared inspection some time before the accident showed the gas pressure was not excessive.

Both Lieuts. Hendley and Bauch, as well as Lieut. Roland G. Meyer, agreed with other witnesses that the break-up occurred when the ship's nose was suddenly tilted up at a rapid ascent.

Civilian Eye-Witnesses' Account.

Stories as told by civilian eye-witnesses to the Special Investigating Naval Board were summarized to the court by Commander Jacob H. Klein, president of that board. He said the two most intelligent of these witnesses agreed that the ship broke at the bottom. Others test intelligent, Klein said, insisted that the craft "humped up" and broke at the top. The special board was told by some farmers near the scene of the wreck that the wind was the strongest they had ever experienced. Klein said it appeared that the wind was coming from all directions at once.

None of the witnesses saw any lightning near the ship, and there was no evidence that there was any fire of any kind before, at the time of, or after the craft broke up.

One of the three Ohio farmers, on whose property parts of the wreckage of the airship fell, took in \$5000 in admission charges to tourists and for soft drink concessions, the court was told by Klein. This farmer is C. W. Niswonger and it was on his property that the main section of the wreck came to rest. Klein said Niswonger showed him his bank book carrying deposits in this amount from Sept. 3 to 8. Because of this the officer recommended that Niswonger's claim for \$500 damages to property be disallowed.

Cracking, Then Terrific Crash.

Lieut. Mayer, construction officer on the Shenandoah, told the court that the ship began to break up after her terrific descent from high altitude had been checked, and her nose suddenly started up again.

"There was a terrific vibration of the whole structure, like that of a plane going into a tail spin," he said. "I heard cracking and then there was a terrific crash. I saw a large hole in front of me and saw the control car go. I saw a man's hands reaching up into the air and then he disappeared."

Mayer was in the control cabin when the ship first began her wild ascent in the line squall which tossed her about. When the elevator man reported that he could not check the rise, Commander Lansdowne ordered the ship held down and the engines speeded up. Mayer then went into the ship and notified men at their stations to be ready as the ship was going over her pressure height.

At that time the gas bags were 96 per cent full, Mayer said, and all engines were running, except No. 2, which had lost its water. The ship then was held down by the nose and continued to rise, but Mayer said the valves were blowing satisfactorily. The craft then had passed the pressure height and still was rising rapidly. Mayer was notified that there had been valving for five minutes.

The air got rougher, and then the ship began to drop at a terrific rate of speed. Suddenly the nose shot up again and the break-up occurred. Mayer was in the forward section, which broke away, and assisted in getting it to the ground.

CHINESE CHASES ROBBER AWAY

Joe Schling, Chinese laundryman, resented the appearance of a youthful armed robber, who entered his place at 3630 Olive street, about 8:30 o'clock last evening. "Hurry up and get in the back room," the robber commanded Schling and his son, Butt Schling.

Instead of complying the laundryman grappled with the robber, wrestled away his revolver and chased him out on the street. The robber escaped.

PACKARD

DEPRECIATION is by far the greatest cost in owning a short life or yearly model car.

The average car traded in on a Packard Six often has cost its owner more for depreciation than for gasoline, oil, tires and repairs.

There is but one way to cut depreciation costs—buy a better car and keep it longer.

Those who are buying the Packard Six expect to keep their cars two or three times as long as the cars they are trading in.

Packard is helping its owners to realize their expectations of long motor car life by building into each car the chassis lubricator and motor oil rectifier.

These, the most important improvements since the electric starter, are found only on Packard cars.

LONG PRISON TERM FOR FORMER ST. LOUIS MAN

E. W. Tillian Convicted at Denver for Operating a Confidence Game.

Edward W. Tillian, former St. Louis furniture dealer, who was unmasked here last June as a former convict and fugitive from justice was sentenced at Denver, yesterday, to serve from 12 to 14 years in the State penitentiary.

Passing of sentence by District Judge Charles Sackman followed Tillian's conviction on charges of forgery and operation of a confidence game. Tillian was arrested here on charges at Denver laid against Leo Keyckl, alias Leonard Barth, a clever bank swindler. He denied his identity as Keyckl throughout the trial.

Method of Swindling.
Keyckl, according to Burns operatives who brought about Tillian's arrest, would begin his swindles by visiting a business concern where he would introduce himself as Leonard W. Barth, representative of a credit or insurance company. In this apparent capacity he would ask a statement on the firm's financial condition and would get a signed statement from the company.

Later he would send to a bank a bundle of checks drawn upon the company he had visited. Accompanying the checks would be a letter signed by an officer of the company asking the bank to cash the checks. It was learned on investigation that Keyckl used the signature from the letter of the company which he had obtained as the alleged agent of a credit company, and cleverly had substituted another text in the letter in which he asked the bank to handle the checks.

Fugitive Warrants.
The Denver police report that they have fugitive warrants for Tillian from 21 cities, one of which would have been served upon him if he had been freed in his first trial at Denver. Banks have reported they were mulcted of more than \$20,000 in two years by the clever Keyckl, alias Barth, alias Tillian. Tillian was in business here as head of the Lakeside Furniture Co., 2835 Locust boulevard. He had married only a year before his arrest and it was only after detectives had taken him in custody that his wife learned he had served penitentiary terms at Jefferson City and Joliet, Ill.

Complete Atomization means more heat at less cost

When you select your oil burner you want to be sure of two things in regard to fuel. (1st) that you can use low grade, low priced oil and (2nd) that you will get the utmost heat out of the oil used. You are sure of both these points when you get an Electrol. For the Electrol by means of complete mechanical atomization, will break up low grade oil into a fine mist which burns with complete combustion. Low grade oil contains more heat units per gallon. The Electrol, atomizing this oil perfectly, effects a double economy. It not only burns the cheapest fuel but it produces more heat than can possibly be produced from expensive fuels. This is just another of the many reasons why the Electrol Automatic Oil Burner will give you as near a perfect heating system as has yet been devised. With its automatic electric ignition and 8-day clock thermostat control, the Electrol entirely operates itself, maintaining without a noticeable variation the even, comfortable temperature which you want. Come in and let us demonstrate the new Model T to you.

POLICE 'TOUGH,' SAYS DRIVER; WINS CASE

Judge Gayer Dismisses \$250 Fine After Testimony Officers Swore at Defendant.

Judge Gayer of the Court of Criminal Correction yesterday dismissed James McGurn, 5573 Powers avenue, who was appealing a \$250 fine by Police Judge Gayer for passing an automatic traffic signal, because of testimony at the arresting officers cursed McGurn.

McGurn was accused of passing an automatic traffic signal on Oct. 25, when the signs read "stop," the first at Twenty-first street and Washington avenue and the second at the intersection with Eighteenth street. He was acquitted of the first charge a jury in Police Judge Beck's court on June 10, but was later fined by Judge Rosecan on the latter charge.

The chief witness for McGurn, who is a service car driver, was a passenger, Mrs. C. H. Mason of 712 East avenue. "The traffic signal," she said, "both read, 'Go,' when the officers arrested McGurn, they cursed him and used very abusive language."

Patrolmen La Tour and Karasch, who made the arrests, testified the signs read, "Stop." However, Judge Gayer declared, as to that, there were two witnesses against McGurn, and what he was convicted with was the alleged abusive language on the part of the patrolmen.

"There is too much of this 'tough stuff' on the part of traffic officers making arrests," Judge Gayer said, in dismissing the case. "There is no reason why an officer can't conduct himself like a gentleman when he is arresting a gentleman."

Missana Husband Alleges Attenuation of Wife's Affections.

By the Associated Press.
LAKE CHARLES, La., Sept. 22.—Suit for \$25,000 damages has been filed in Judicial Court here by Edmund Mays against the Rev. Hubert Cramers, past of the church of the Immaculate Conception of Lake Charles. The plaintiff alleges damages on account of an alleged alienation of his wife's affections and interruption of marital relations by reason of alleged advice, persuasion and threats by the Rev. Father Cramers, a priest of the Roman Catholic Church.

The petition sets forth the claim that the defendant told the plaintiff's wife that any children born to the plaintiff and his wife would be illegitimate for the reason that the petitioner and wife were married by a Justice of the Peace. The marriage ceremony was performed in Beaumont, Tex., Jan. 21, 1928.

LEXINGTON, Ky., Sept. 22.—The body of Thomas Brent Moore, assistant professor of economics at the University of Oklahoma at Norman, was found hanging from a bridge over a creek two miles north here yesterday. Conditions point toward suicide, but officers are working on a possible murder theory. A coroner's inquest will be held.

PAIR, 150, WALKS 1800 MILES
Baltimore to the West Dispatch.

BALTIMORE, Sept. 22.—John T. Tyler, a cowboy, 91 years old, came to Baltimore yesterday with his wife of 67 years. They walked most of 1800 miles from the Texas Panhandle.

They arrived here on foot. A look looked inviting. There they waited until 10 o'clock, when a policeman aroused them and told them to "move along." They did to more secluded spot, where they went the night. Today they went to a police station, where they were taken in as "lodgers." Then they headed for a cannery factory where Tyler hopes to find a job. Despite his 91 years, Tyler seems vigorous. He is about 6 feet tall, slightly stooped-shouldered, and with a shock of gray hair.

THE ASSOCIATED PRESS.

LEXINGTON, Ky., Sept. 22.—A body of Thomas Brent Moore, assistant professor of economics at the University of Oklahoma at Norman, was found hanging from a bridge over a creek two miles north here yesterday. Conditions point toward suicide, but officers are working on a possible murder theory. A coroner's inquest will be held.

A letter found in Moore's pocket indicated that he had been contemplating suicide. It was sealed and addressed to C. C. Moore, a brother of Walnut Park, Cal., and contained a check for \$3000, signed by the dead man. The letter also called attention to a \$20,000 life insurance policy. Moore was 48 years old and unmarried.

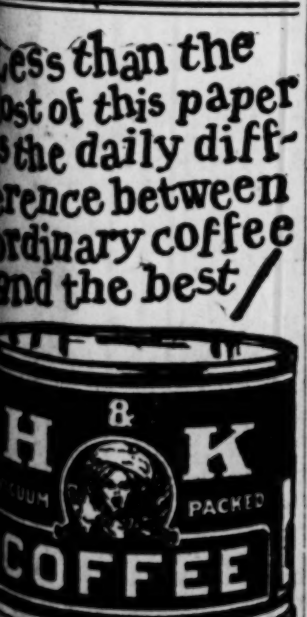

WALKS 1800 MILES

Reached the Post-Dispatch.

BALTIMORE, Sept. 22.—John T. Tyler, a cowboy, 91 years old, came to Baltimore yesterday with his wife of 67 years. They walked most of 1800 miles from the Texas Panhandle.

They arrived here on foot. A look looked inviting. There they waited until 10 o'clock, when a policeman to "move along." They did not move, secluded apart, where they spent the night. Today they went to a police station, where they were taken in as "lodgers." Then they moved for a canning factory where Tyler hopes to find a job. Despite his 91 years, Tyler seems vigorous. He is about 6 feet tall, slightly stooped-shouldered, and with a shock of gray hair.

Open meetings of committees of the St. Louis Board of Education may be instituted soon, John G. Tobin, president of the board, has announced in the course of his inspection of the Chicago public school system. He is touring midwestern cities, to note and copy the good points in their school methods, and the open meetings of Chicago school board committees, with the attendance by parents upon the meetings, seemed to impress him favorably.

A Chicago dispatch quotes Tobin as saying that the demand for open meetings of Board of Education committees, in St. Louis, grew out of the practice in Chicago.

"People in St. Louis," he said, "have been reading how parents attend committee meetings here in Chicago, to make known their wishes as to school matters. They point to Chicago as an example. Heretofore our committee meetings have been private, but now we will probably have to make them public."

Cause of Satisfaction. Tobin's announcement was received with satisfaction today by officers of the School Patrons' Alliance, who have been demanding that committee meetings be open to them and to parents generally. But some of them object to the statement that they got the idea from Chicago.

Myrt Rollins, member of the board and former president of the Patrons' Alliance, said today that the organization had been demanding for 10 years past that the committee meetings be open. Three years ago, Rollins said, a resolution to that effect was introduced by William Kuehl, a delegate from the Gardenview School district. Rollins used the same demand as a plank in his campaign for election to the board, and he has introduced an amendment to the board rules, not yet acted upon, which would throw committee meetings open.

Meetings of the entire Board of Education are open to the public except in cases where the board may choose to "go into committee of the whole." In many cases important matters are determined in committee meetings, so that the board meetings merely serve as an occasion for registering publicly the decisions already reached in private. If the committee meetings were open, it would still be possible for a majority of any committee to hold private caucuses to determine the action to be taken in committee meeting.

To Visit Other Cities. Tobin will spend most of this week in looking over the Chicago and Milwaukee schools, and will visit Detroit, Cleveland and other cities before returning. In talking with the Chicago school officials, he said that St. Louis had settled the teachers' salary question by granting substantial increases.

He was particularly impressed with the development of the junior high school plan in Chicago, and will spend one day visiting junior high buildings. Everywhere the junior high or intermediate schools, as they are called in St. Louis, have met with favor, he said. The Chicago schools for physically defective children he also commended highly. The Spaulding School for Crippled Children was cited as a particularly fine example.

The one criticism of the Chicago school system which Tobin had to offer was that the administration might be influenced by politics.

WOOD CAMPAIGN FUND SUIT

By the Associated Press. CHICAGO, Ill., Sept. 22.—Suits to collect \$50,000 from Col. A. A. Sprague, Commissioner of the Board of Public Works, by William C. Procter, wealthy manufacturer of Cincinnati, will be tried today in Federal Court. Procter, who was chairman of the Campaign Committee of Gen. Leonard Wood in the presidential primary of 1920, is suing to recover half the amount of his contribution of \$125,000 to the campaign fund, of which Sprague was treasurer.

Orville Taylor, counsel for Sprague, issued a statement saying Procter had gone back on his agreement with Sprague to finance the campaign and now sought to recover half his contribution because of its failure.

OPEN MEETINGS FOR COMMITTEES OF SCHOOL BOARD

President John G. Tobin
Quoted in Chicago
Speech as Favoring
Plan Suggested for St.
Louis.

MAKING TOUR
OF MIDWEST CITIES
Praises Junior High Schools
of Illinois Metropolis,
Looks Over Building Im-
provements There.

Open meetings of committees of
the St. Louis Board of Education
may be instituted soon, John G.
Tobin, president of the board, has
announced in the course of his in-
spection of the Chicago public
school system. He is touring mid-
western cities, to note and copy the
best points in their school meth-
ods, and the open meetings of Chi-
cago school board committees, with
the attendance by parents upon the
meetings, seemed to impress him
favorably.

A Chicago dispatch quotes Tobin
as saying that the demand for open
meetings of Board of Education
committees, in St. Louis, grew out
of the practice in Chicago.
"People in St. Louis," he said,
have been reading how parents at-
tend committee meetings here in
Chicago, to make known their
views as to school matters. They
point to Chicago as an example.
Therefore, our committee meet-
ings have been private, but now we
will probably have to make them
public."

Cause of Satisfaction.
Tobin's announcement was re-
ceived with satisfaction today by
members of the School Patrons' Al-
liance, who have been demanding
that committee meetings be open
to them and to parents generally.
Some of them objected to the
statement that they got the idea
from Chicago.

Myrtis Rollins, member of the
board and former president of the
Patrons' Alliance, said that the
organization has been demand-
ing for 10 years past that the com-
mittee meetings be open. Three
years ago, Rollins said, a resolution
to that effect was introduced by
William Kuehl, a delegate from the
Hardenville School district. Rollins
said the same demand as a plank
in his campaign for election to the
board, and he has introduced a
resolution to the board, which was
referred upon, which would throw
committee meetings open.

Meetings of the entire Board of
Education are open to the public,
except in cases where the board
may choose to "go into committee
of the whole." In many cases im-
portant matters are determined in
committee meetings, so that the
board meetings merely serve as an
occasion for registering publicly the
decisions already reached in pri-
vate. If the committee meetings
were open, it would still be possible
for a majority of the committee
to hold private caucuses to determine
the action to be taken in commit-
tee meetings.

To Visit Other Cities.
Tobin will spend most of this
week in looking over the Chicago
and Milwaukee schools, and will
visit Detroit, Cleveland and other
cities before returning. In talking
with the Chicago school officials,
he said that St. Louis has settled
the teachers' salary question by
granting substantial increases.

He was particularly impressed
with the development of the junior
high school plan in Chicago, and
will spend one day visiting junior
high buildings. Everywhere the
junior high or intermediate
schools, as they are called in St.
Louis, have met with favor, he said.
The Chicago schools for physically
deficient children he also com-
mended highly. The Spaulding
School for Crippled Children was
noted as a particularly fine exam-
ple. The one critic of the Chicago
school system which Tobin had to
offer was that the administra-
tion might be influenced by poli-
tics.

CHICAGO, Ill., Sept. 22.—Suits to

C. Proctor, wealthy manufacturer
of Cleveland, will be tried today in
Federal Court. Proctor, who was
chairman of the campaign Com-
mittee of Gen. Leonard Wood in
the presidential primary of 1920, is
suing to recover half the amount
of his contribution of \$100,000 to
the campaign fund, of which
Sprague was treasurer.
Orrville Taylor, counsel for
Sprague, issued a statement saying
Proctor had gone back on his
agreement with Sprague to finance
the campaign and now sought to
recover half his contribution be-
cause of its failure.

Writes Editor of 'The Nation'.

By OSWALD GARRISON VIL-
LAUD
Editor of 'The Nation'.
BALTIMORE, Sept. 22.—Secre-
tary Kellogg's exclusion of the
Communist Skiatvala from the
Inter-Parliamentary Union meet-
ing in Washington is not without a
humorous feature. Skiatvala is
not the kind of person the ordi-
nary American has in mind when
he thinks of a Communist, for this
Parsee gentleman is one of the
richest in India.

This is no long haired, bearded,
ignorant and dirty agitator whose
grievances against society arise
from non-success in life. He has
been for years a director in the
Tata Company, one of the greatest
business organizations in the
world, which owns huge steel and
iron works, great mines, private
railroads and all sort of enter-
prises, and he resigned that direc-
torship only a day or two ago in
order not to embarrass his com-
pany by further association with it.

He is married to a charming and
cultured English woman of excel-
lent family. In other words he is
an aristocrat of aristocrats, accord-
ing to the ordinary American
standards which place success in
life and wealth above everything
else. It is, therefore, much as if
a son of J. P. Morgan had turned
Communist on purely philosophical
grounds and then had been exclud-
ed from England because of his
opinions.

Now the joke of it is that this
action has been taken by the Sec-
retary of State of the administra-
tion which more than any other
has ever favored the Communist.
The rich and governs America in
the interest of men of great wealth
of exactly the Skiatvala type. He
is a big business man of what we
should call the Pittsburg type, and
his advocacy of Communism as
Senator Borah has pointed out, has
been brought about chiefly by his
interest in India and his desire to
free the masses there.

Another Government precedent.
The serious side of the exclusion
of this Indian Communist lies in
the fact that it creates another
Government precedent in the estab-
lishment of the un-American policy
of excluding leaders to this country
whose opinions were to no hap-
piness to like. Few Americans seem
to realize that this is directly con-
trary to the original American policy
practiced for a hundred and twenty-
five years after the foundation of
the Republic. Its doors were thrown
wide open to radicals of every de-
scription and revolutionaries from
every country that happened to be
in turmoil.

FRENCH PLAN BIG OFFENSIVE

TO DISLODGE RIFLES AT TAZA

Eighty Battalions to Be Used for
Effecting Relief of Spaniards

Holding Axis de Midar.

Copyright, 1925, by the Press and Publi-
cations of the World and Post-Dispatch.

PARIS, Sept. 22.—The forthcom-
ing French offensive against the
Riffs is being planned on a huge
scale, according to reports from
Morocco. Eighty battalions will
take part in the operations, and the
troops will be ordered to dislo-
cate the Riffs from their position north of Taza.
Besides compelling a number of
important rebel tribes to make sub-
mission, it is hoped that the French
troops will be able to dislo-
cate the Riffs from their position north of Taza.
This threat of invasion between the
French zone of Taza and the
Spanish zone of Melilla is expected
to force Abd-el-Krim to withdraw
troops from the Spanish front and
thus relieve pressure on the Span-
ish corps clinging to Capes Jeune
and Vieux Maure on the Bay of Al-
bucares.

Great anxiety is felt in France
regarding the Spanish force which
landed at Morro Nuevo on the Mo-
roccan coast and French plans may
be recast in the near future owing
to the comparative failure of the
Spaniards to bring about the ex-
pected division in the A.J.R. region.
Since landing the Spaniards have
remained intrenched, making
practically no advance. In the vi-
cinity of Casadilla the Spaniards
are in insufficient numbers to
maintain connection between the
fleet and land forces. The troops
are suffering from lack of water,
but condensing apparatus is being
landed in order that sea water may
be used.

Wales to Sail Saturday

By the Associated Press.
BUENOS AIRES, Sept. 22.—The
Prince of Wales arrived in Buenos
Aires yesterday on his return from
his tour of inspection of the bat-
tlefields in the Chiriqui region, where
he had been held up by heavy snow-
storms. He will leave here Wednes-
day for the Chapadmal National Park,
Mar del Plata, where he will em-
bark on Saturday aboard the bat-
tleship Repulse for the return voy-
age to England.

From Italy, Turkey, Greece, Ger-
many, Russia, Spain and every
country in Europe, fugitive Ital-
ians, Greeks, Russians, Spaniards,
dripping with blood. Now some
of these men were not only at-
tempting to overturn monarchy;
there were many of them bent upon
remodeling society. Skiatvala is
unpleasant to most people of their
day as Communism is undesired by
98 per cent of our population to-
day.

For instance, it is only a few
years since Prince Kropotkin, the
anarchist, was one of our most
welcome visitors in New York City.
Passed Un-American Law.

Unfortunately, the change came
with the assassination of McKinley
by a foreign-born resident. In its
righteous sense of outrage at this
crime, Congress immediately
passed a most unwise and un-
American law because it was
law against a state of mind and
it there is one lesson which the
history of every modern country
has taught us as well as that of
our own. It is that you cannot leg-
islate successfully against a state
of mind. You can only change
that state of mind by removing the
grievances which create it. If there
are no just grievances and the man
is only uneducated and impractical
remedies to propose, it is the very
best thing in the world to let him
talk himself out, and his oblivion.

As for the Skiatvala case, Amer-
ican liberals are opposed to it, not
only because it is an infringement
on the right of free speech, but be-
cause we have been guilty of such
extraordinary bad manners. Many
of the people who are coming to
this union are specialists whose
opinions many dread as they do
those of Communists. Nobody ever
challenged the opinion of particu-
lars to the meeting before.

Foolish and Ungentlemanly.

No other country and no other
Secretary of State would be so fool-
ish and so ungentlemanly as to do
so. All the more so Mr. Skiatvala,
like the gentleman that he is,
he has stated publicly three days
before Mr. Kellogg acted that if he
came here as the guest of the Gov-
ernment, he would attack neither
the Government nor any of our in-
stitutions.

Finally, Mr. Kellogg has done
Mr. Skiatvala the great service
of making him a world figure
known to millions who would never
have heard of him if he had been
allowed to come. It is just this way
that our American reactionaries
help on the dangerously radical
causes which they are seeking to
combat.

POLISH ROMAN CATHOLICS HOLDING CONVENTION

FRENCH MISSION
ARRIVES TOMORROW

Commissioners Will Go at
Once to Washington and
Will Dine With President
Thursday.

By the Associated Press.
WASHINGTON, Sept. 22.—Amer-
ican Debt Commission officials are
speeding up their final preparations
for the formal opening of debt-
funding negotiations Thursday with
the French mission, which is due to
arrive in New York on the liner
Paris tomorrow morning.

Finance Minister Caillaux and
his assistants on the French mis-
sion are expected to go to Wash-
ington immediately.
Acting Secretary Winston of the
Treasury and Morton T. Herrick,
American Ambassador to France,
have been asked by President Cool-
idge to meet the French mission in
New York. French Ambassador
Daeschner also will be there to
greet his fellow envoys when they
land.

The first meeting of the two com-
missioners here is expected to be
brief and to be taken up largely
by a formal exchange of greetings,
with Secretary Mellon speaking for
the Americans and M. Caillaux re-
sponding for the French.

Dinner at White House.
The round of official entertain-
ment which awaits the French mis-
sion here will open Thursday night
with a dinner to be tendered them
at the White House by President
and Mrs. Coolidge.

On the business side of the pro-
gram, the final preparations of the
American commission appear to
concern chiefly the question of in-
terest charges on the French obli-
gation.

It appears likely that there will
be a downward revision of the to-
tal of the debt in the negotiations
through recalculation of the ac-
crued interest. Study of this phase
of the matter by experts here has
have brought about a preliminary
agreement with Secretary Mellon that the 5 per
cent rate borne by the loans since
they were made is adjustable.

Accrued Interest.

Considerable sentiment exists in
the commission against holding the
French to the 5 per cent charge,
which has produced an accumula-
tion of more than \$870,000,000 since
the loans were made during the
war. The principle of the debt
which includes \$400,000,000 for war
supplies sold by the American ex-
peditionary forces, is \$3,340,516,043,
according to the latest Treasury fig-
ures. That amount is not to be paid
has been insisted, must stand, but
there has been continual reference
in administration circles to a policy
of treating France leniently on in-
terest.

Giacomo de Martino, the Italian
Ambassador, called at the Treasury
yesterday to inform Mellon that his
country's Debt Commission prob-
ably would arrive here about Oct.
20.

Pospisil, Kural and Brabencz Named for Debt Commission.

PRAGUE, Czechoslovakia, Sept.

States next week, is composed of
M. Pospisil, City Treasurer of

National Bank; M. Brabencz, coun-
selor of the Ministry of Finance;
and Dr. Dreuzen Lippansky, chief
of the Cabinet of the Ministry of
Finance.

Dr. Lippansky has already been
in Washington, attending in 1923
the conference which fixed the
amount of the Czech debt.

TO PROPOSE INCOME TAX CUT

Representative Gardner to Urge
Exemption of \$5000 Incomes.

By the Associated Press.

BROWNSVILLE, Tex., Sept. 22.—
Representative John N. Gardner,
Democrat, of Texas, has announced
that when the income tax reduc-
tions come up before the Ways and
Means Committee he will contend
for 2,000,000 taxpayers of \$5000 in-
come or less at a cost to the Gov-
ernment of \$107,000,000.

"Secretary Mellon, by reducing
the surtax from 40 per cent to 25
per cent, will relieve 174 income
taxpayers, at a cost to the Govern-
ment of \$121,000,000," Gardner said.
"I think that's a fair compromise
of our theory of taxation. I would
exempt every married man whose
income is \$5000 or less, and every
single man of \$4000 or less income.
It will reduce the whole something
like \$225,000,000." Gardner is the
ranking Democrat on the Ways
and Means Committee.

QUEER NUTS AT OWNERS' CONVENTION

Cultural Department Ex-
plains Origin and Uses of
Various Specimens.

A lot of queer nuts from many
countries were brought together today
at a convention at Hotel Statler.
The convention was the sixteenth
annual meeting of the Northern
Nut Growers' Association, and the
nuts were on exhibition of all the
various kinds of nuts. The most
paradoxical of all the nuts was
the cashew nut, which is poisonous
but is eaten. Inside its outer
shell, which is a large husk, is a
kernel which is as irritating to the skin
as it is to the eyes. In the roasting
process, it gives off fumes which are in-
jurious to the eyes. Once roasted,
however, the inner shell may be re-
moved without danger and the kernel
is as delicious as the peanut, but
it is not so popular. It is preferred
in the tropics.

Tung Nut From China.
The tung nut, which is not used for food, is
the oil of tung. It is used in the
manufacture of varnish. The oil is
obtained from the seed of the tung
tree, which is a native of China. The

voted to conditions in various lo-

reputation of long-established pe-

the city was the black walnut trade
industry "so new that few people
realize it exists."**

MR. PALMIRE P. WILKINSON

DIES AT THE AGE OF 92

General Services at the New Cath-
edral Tomorrow, Interment
in Calvary Cemetery.
The funeral of Mrs. Palmire P.
Wilkinson, 92 years old, mem-
ber of the Pappin and Corne families,
will be held at the New Cath-
edral at 2 a. m. tomorrow, followed
by interment in Calvary Cemetery.
Mrs. Wilkinson died yesterday at
her home of her daughter, Mrs. J.
Charlie, 4141 West Pine bou-
levard. She was a native of St. Louis,
and her death was the result of a
long illness. She was a member of
the Calvary Episcopal Church. Her
husband, Mr. Wilkinson, died in
1910. She was survived by two
daughters, Mrs. J. Charlie and Mrs.
J. H. Wilkinson. She was a mem-
ber of the Calvary Episcopal Church.
Her funeral will be held at the New
Cathedral at 2 a. m. tomorrow, fol-
lowed by interment in Calvary Cem-
etery.

A CHALLENGE TO CHRISTIANS.

From the New York Times.
DR. HARRY EMERSON FOSDICK,
preaching in the city of John Calvin
and of the home of the League of Nations,
recalling the time when Christianity "bowed
to necessities," approved the use of the
sword, became "the sponsor for war, blower
of war, cause of war and fighter of war,"
now sees war as the opprobrium of all Chris-
tendom today. Calvin in his day was able
to support the use of the sword in defense
even of a theological doctrine. How far a
foremost representative of Christendom has
progressed from Calvin's view is illustrated
by Dr. Fosdick's standing in the place of
Calvin. In a Geneva pulpit, with the chal-
lenging thesis: "We cannot reconcile Jesus
Christ and war."

Uttered in what is now the capital of the
world effort for peace, it is a challenge that
cannot be ignored by Christendom. The
continuation of war, says this eloquent
American in the midst of a Europe which
is not yet ready to join in the world
peace effort, will advertise that 276,000,000
professing Christians on earth have not an
earnest conscience about this. If they had,
there can be no doubt that some other than
the war-way would be found for insuring
justice as between nations, as such a war
has been found for insuring substantial jus-
tice among individuals within a community
or a nation.

CHILDREN'S SHOW PLAN MEETS CIVIC APPROVAL

Proceeds From Five Saturday
Morning Movie Programs
to Go to Ice Fund.

Saturday Morning Movies for
boys and girls at the Missouri
Theater are receiving the enthusi-
astic approval of local men and
women and several civic organiza-
tions interested in providing attrac-
tive and wholesome recreation for
children under the best conditions.
Inauguration of this new service
which provides carefully selected
pictures entirely suitable to the
youth will be made next Saturday
morning, Sept. 26, at 9 a. m. Thom-
as Melghan in "The Man Who
Found Himself," a Booth Tarkenton
story, will be the first fea-
ture picture and will be followed
each Saturday by programs ar-
ranged by survey experts under the
auspices of Will H. Hays, president
of the Motion Picture Producers &
Distributors of America.

Each program is made up of a
feature picture with a favorite star
and an excellent story of the kind
that will appeal to boys and girls
as well as to their parents. The
price for all children will be 10
cents, and the regular Saturday
matinee admission will apply to
adults who accompany their chil-
dren.

In connection with the establish-
ment of the special motion picture
service for boys and girls, Mr.
Hays said:
"Experience and a careful study
of the motion picture situation
have proved to us that there is a
real desire on the part of parents
and guardians for special motion
picture programs for boys and girls."

"When we first began laying
plans for the service two years ago
we turned to the producers and
found them ready to co-operate.
They placed at our disposal great
feature pictures of the past, to-
gether with innumerable comedies,
travel pictures and other films
which possess educational as well
as entertainment value."

"From among these, 52 pro-
grams, each a complete show,
have been selected. The pictures
are of the best sort and parents
and guardians may send their chil-
dren to these performances with
complete confidence that what
they see will be altogether whole-
some and beneficial. Good judg-

FLATCAR TOUR FOR JUNIOR CHAMBER OF COMMERCE

Members to Be Guests of President
of the Missouri Pacific on
Inspection Trip.

Members of the Junior Chamber
of Commerce and other civic bodies
will make a flatcar tour of the Ter-
minal and Missouri-Pacific railroad
systems in and near the city on
Oct. 3 as the guests of President
L. W. Baldwin of the Missouri-
Pacific.

The inspection train of flatcars,
especially fitted with seats, will
leave from Seventh and Poplar
streets at noon on the day of the
tour. The route will be along the
river front to Carondelet, then to
Tower Grove Station. The tourists
will then be taken along the Mis-
souri-Pacific system as far as the
Missouri River, from where they
will return to the city, detouring
at the Twenty-third street yards.

It is expected that 400 members
of the Junior Chamber and an
equal number of members of other
civic organizations will make the
trip. The route to be followed will
carry the tourists past approxi-
mately 475 industrial plants. L. A.
David of the Terminal Association is

Funeral services for Dr. Jacob
J. Russler, 50 years old, of 2151

urday of hemorrhage of the brain,
were held today at his residence.

He is survived by a wife, Mrs.
Josephine Russler and two daugh-
ters, Melva and Verna Russler.
The funeral will be held at the
St. Louis Mortuary at 10 o'clock
today.

Dr. Russler was a physician and
resident of St. Louis for the past
30 years and was prominent in
civic and fraternal societies.
He was survived by a wife, Mrs.
Josephine Russler and two daugh-
ters, Melva and Verna Russler.

ment was used in order that not
too much juvenility should be in-
cluded because the patrons of the
Saturday Morning Movie will not
stand for baby stuff. Again, care
has been taken that the programs
are not too obviously educational
in their nature. While instruc-
tional matter has found a rightful
place in the programs, you will be
glad to know that entertainment
and proper recreation were the two
guiding factors in the selection."

By arrangement with Herschel
Stuart, managing director of the
Missouri Theater, the entire net
proceeds of the first five Saturday
morning movies will go to the Post-
Dispatch Free Ice for Babies' Milk
Fund, which is approximately
\$1800 short of the season's quota
for ice.

LORD LEVERHULME COLLECTION OF ART TO BE SOLD IN U. S.

Sale Ordered by Executors to Meet
Vast Inheritance Tax Levied
by Great Britain.

Copyright, 1922, by the Press and Publi-
cations, Inc., New York World.
LONDON, Sept. 22.—The sale of
the late Lord Leverhulme's im-
mense collection of art treasures,
which was to have been held here
next month, has been cancelled and
will be transferred to New York,
where it will take place early next
year.

The right is reserved, however,
for the executors to purchase any-
thing they desire for the British
rations before the works of art
leave this country.

Leverhulme gathered a vast and
unique collection, embracing pic-
tures, tapestries and useful work, a
huge library containing first edi-
tions and valuable carvings, rare
old furniture and a group of Chi-
nese porcelains said to be among
the finest in this world. The sale
was ordered by the executors to
meet the enormous inheritance tax
and death duties levied on the es-
tate.

The paintings include works of
most of the famous artists of the
last 150 years—Miklós, Burne
Jones, Orpen, Leighton, Shannon,
Attna Tadema, Reynolds, Morland,
Gainsborough, Hoppner, Lawrence,
Grandville, Constable, Poynter,
Knox, Raeburn and Romney.
Among the tapestries are Aubus-
son, Gobelin and Flemish panels.
In the library are first editions of
Dickens' "Pickwick papers," and of
Thackeray and George Eliot, while
the furniture includes famous
pieces from the Charles II period
to the end of the Eighteenth cen-
tury.

World Cruise

OF THE Belgenland

Largest and finest liner ever to circle the globe

AGAIN on Nov. 25, 1925, the magnificent Red Star Liner *Belgenland* de-
parts on her annual cruise 'round the world. She will circle the globe
completely, New York to New York, over an itinerary and on a Westbound
schedule that experience has proven ideal from the standpoint of comfortable,
enjoyable travel in the best of weather.

Again the cruise will be under the joint management of the International Mer-
cantile Marine Company (Red Star Line) and the American Express Com-
pany—a matchless combination which links the consummate skill and the 54
years' experience of the Red Star Line in ocean travel with the intimate knowl-
edge and complete, worldwide facilities of the American Express Company in
the conducting of trips ashore.

In these two great travel organizations are
brought together resources that could
scarcely be found elsewhere.

Examine in our literature the details of the
Belgenland Cruise. It is the details that
will determine in large measure your pleasure
on such a trip. Note the season at
which each country is visited, the dura-
tion of the calls at the various ports—the
careful allotment of the proper length of
time to each. Observe that you reach
Egypt at the height of its activity and the
Riviera in time for Spring sojourns in
Europe.

Then reflect that the *Belgenland* is the
largest and finest liner ever to circle the
globe, that she embodies all the luxuries
and comforts to make her an ideal cruise
home, that she is received throughout her
voyage with the distinction which befits
such an outstanding liner—then, after thor-
ough comparison, make the logical choice.
We shall be pleased to send you complete
information.

Gasoline Fumes Kill Boy.
Associated Press.
BRINSFIELD, O., Sept. 22.—

Inhaling the fumes from an automobile gas tank, Harold Riffey, 14, was asphyxiated on his father's

farm near here last night. The boy is reported to have told neighbors that he frequently got "drunk" by breathing in the gasoline fumes. He was found in the barn lying near the open gas tank by his mother.

Dandruff Soon Destroys the Hair

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at our drug store. Your ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

IGOE CONTEST COMMITTEE HAS \$3000 BALANCE

Money to Go to Democratic Party to Be Used in Organization Work for 1926 Campaign.

FORMAL DISMISSAL OF SUIT TOMORROW

Condition of Finances of City Committee, Which Contributed \$5000, Not Yet Made Public.

Dismissal of the contest of Mayor Miller's election by William L. Igoe, Democrat, which will be formally entered in Circuit Judge Miller's court tomorrow, finds the party with a balance of at least \$3000 to be used for organization work in the 1926 campaign.

This fund was yesterday placed in the hands of a committee consisting of former Federal Judge Henry St. Priest, State Senator Joseph Brogan and Philip C. Scanlan, chairman of the Contest Finance Committee. They will determine the uses to which the fund shall be put as occasion requires.

No report as to additional funds which the Democratic City Central Committee has, was made at the meeting yesterday in Priest's office. It contributed \$5000 to the contest fund and the present state of its finances has not been made public. Brogan, its treasurer, said today that it had virtually no funds remaining.

Expense of Contest \$10,000.

The expense of conducting the contest was about \$10,000. It was held to this low figure because former Circuit Judge Jesse McDonald, Arnold Just, Wayne Ely and Priest accepted no fee for their services. McDonald was chief of counsel and supervised the entire matter, with the others acting in an advisory capacity.

In addition to this fund, Democrats, under the leadership of Edward F. Goltra, former national committeeman from Missouri, are engaged in raising \$15,000 in St. Louis for the "Democratic State Committee" to be used to pay about \$22,000 in obligations the party now owes, and to organize for the 1926 campaign. Goltra said today that the response to the appeal for St. Louis' quota of the \$55,000 to be raised in the State was pleasing.

6-YEAR-OLD GIRL LOSES LEG IN SECOND AUTO ACCIDENT

Struck by Milk Truck on Way to School—Scarred by Glass Three Years Ago.

By the Associated Press.

KANSAS CITY, Mo., Sept. 22.—This motor car age has not been very kind to little Ella Alvis. When she was barely 3 years old, Ella was in an automobile accident, and after the crash of glass, a long lived scar had left its mark, for life on her pretty face.

That was three years ago. Recently, Ella's father, a packing house employee, bought a suburban cottage and moved there with his family. Here, "out in the country," the parents believed, was an ideal and a safe spot for the little girl to play, away from the traffic-crowded streets of the city.

Yesterday Ella prepared for her morning trudge to Rock Creek School, where she is a pupil in the second grade. A maternal good-bye kiss and she was off.

A few moments later a hysterical mother was clasping to her breast her little girl. Up the road a little way a big milk truck had struck Ella. Her right leg, crushed, hung limp when the driver, John Rachenner, picked her up and carried her to her home.

At the General Hospital here a few hours later, the leg was amputated. She may not recover, hospital attendants say.

CHIROPRACTOR IS FINED \$50

Found Guilty of Violating Statute Forbidding Signs.

F. W. Kirtz, chiropractor, was fined \$50 in Judge Gayer's court yesterday for hanging a sign announcing his vocation in front of his office at 1426A South Grand avenue.

Kirtz was prosecuted under the State law which forbids anyone but a licensed physician from advertising as a healer of the sick. His attorney's contention that he hung the sign in order to invite the public to enter his office and discuss the merits of chiropractic treatment was disregarded by the court.

SPEEDY ELEVATORS FOR NEW BELL TELEPHONE BUILDING

The six elevators of the new Bell Telephone Building will be the fastest in use, the manufacturers have informed the company—faster than the high speed elevators in use in the Chicago Tribune building in Chicago.

They also will introduce to St. Louis automatic control. As passengers enter the car the operator will inquire their floors and punch a corresponding button. When the car is filled the starter will close the door and the car will begin its upward flight without any act on the part of the operator, stopping at each floor for which a button has been punched.

JOSEPH GRIESEDECK ATTACKS INDICTMENT

Moves to Quash True Bill Naming 'Jelly Roll' Hogan and Self on Dry-Act Charge.

In the case in which Joseph Griesebeck and 'Jelly Roll' Hogan are co-defendants, charged with violating the Volstead act, and conspiracy to violate the same, a motion to quash was filed in Federal Court today by Griesebeck's attorneys.

If the motion is granted in Griesebeck's case, a similar motion is expected in behalf of Hogan, the gang leader, who yesterday began serving a 30-day term in the St. Louis jail, under a conviction in the State courts for carrying concealed weapons.

The Falstaff Corporation, which had its plant at 2519 Park boulevard, is jointly charged with the two men. The indictments against Griesebeck, Hogan and the Falstaff concern were voted after an inquiry which grew out of the raid on the Griesebeck Bros. Brewery at Nineteenth street and Shenandoah avenue, in February, 1924. The case is distinct from the one in which Raymond D. Griesebeck was a Government witness, and in which Heber Nations was convicted of a conspiracy.

Joseph Griesebeck, in moving that the indictment in the case be quashed, declares that he is immune from prosecution because he testified before the Federal grand jury at the September, 1924, and March, 1925, terms, as to the matters which form the basis of the indictment.

Griesebeck says he was asked by the grand jury whether the Falstaff Corporation was violating the Volstead act, and if he and Hogan had added or abetted such action, and that he made negative replies.

He cites constitutional provisions, and the language of the Volstead act itself, to show that, having been summoned before the grand jury and questioned about the matter, he is not liable to indictment as a result of the investigation. It is understood that Hogan was similarly summoned and questioned.

GRAND JURY GOING INTO MEDICAL DIPLOMA CHARGES

Jackson County Jurors Told to Return Indictments If Fraud Has Been Practiced.

By the Associated Press.
KANSAS CITY, Sept. 22.—The September grand jury will go into charges of the false issuance of medical diplomas. Judge Nelson E. Johnson of the Circuit Court today instructed the grand jury to return indictments instead of written reports if it found that medical diplomas or licenses had been issued to persons not qualified to receive them.

"Many charges have come to my attention of late," said Judge Johnson, "as to the issuance of licenses and diplomas to persons to practice medicine who were not entitled to practice medicine. If such things are true, I can hardly conceive of a crime more vicious because the very health of the people is involved in this matter. If you find there are any violations of the law in this connection, you should promptly indict and not make written reports of recommendations."

Recently Dr. R. B. Horton of Purdy, Mo., was arrested and charged with forgery in connection with obtaining admittance of applicants to examinations for medical license. The prosecuting attorney of this (Jackson) County announced at the time that Dr. Horton's case would be placed before the grand jury.

SUSPECT HELD FOR MURDER OF MAN FOUND IN ALLEY

Inquest Into Death of Fred Grieger Will Be Resumed Tomorrow.

The coroner will resume tomorrow, the uncompleted inquest into the murder of Fred Grieger, whose body was found in the alley behind the night of Sept. 12 in an alley at the rear of 4440 Maffitt avenue.

A suspect, now held for the coroner, admitted that he was with Grieger early in the evening, but that he left him in a saloon at 2700 North Taylor avenue, before dark. The police have obtained testimony that contradicts some statements of this suspect. One man has been found who says that he saw him in the saloon about 8 o'clock, and noted bloodstains on his clothing. The man says he remarked at the time, "He must be a butcher." The suspect was ejected from the saloon by the bartender, who is also a witness, because of his appearance and conduct.

Charles H. Franck Says Services Extended From Sept. 26, 1924, to Last April 8.

Suit for \$10,000 attorney's fees was filed in Circuit Court at Clayton today by Charles H. Franck, who has offices in the Boatmen's Bank Building. He names as defendants Mrs. Maria Eckhoff and Fred C. Meyer, executors of the estate of Clemens Eckhoff, St. Louis furniture manufacturer. Franck says he worked for the estate from Sept. 26, 1924, to April 8, last, and values his services at the amount named in the suit.

Two ten-thousandths of an inch

WE recently increased the diameter of the filament in our New Magnavox Tubes two ten-thousandths of an inch.

Think of it—two ten-thousandths! Yet through that infinitely small addition we added many hours to its useful life and obtained a better reproducing quality.

That will give you some idea of the accuracy with which Magnavox tubes are made.

Magnavox Tubes are absolutely non-microphonic—they never squeal or howl.

Magnavox Tubes are not to be confused with anv others—they are so much better.

Which seems only natural, as they are the product of a company which has been exclusively in the Radio business since 1911. Next time you buy radio tubes, buy Magnavox and note the difference.

THE ONLY McNICHOLS A Revelation to the Furniture-Buying Public

Seldom, if ever, do you find an article of identical quality priced the same in any two stores. What makes this so? One of the principal reasons is overhead and one of the biggest factors in overhead is location—rent. Another is high-powered salesmanship.

Seldom can you walk into a store and tell the true selling price of any article by looking at the ticket it bears. That is usually regulated by the salesman's estimate of how much you can stand.

This store does things differently. It does not sell its merchandise by high-powered salesmanship. It pays no rent. Every article on our floors bears a ticket telling you the true selling price of that article. The service provided here is the equal of any store. So is the quality of the merchandise.

These things you can be certain of when you buy here—low prices—fair treatment—absolute satisfaction—and the easiest credit terms in St. Louis.

BEER FERRIED ACROSS RIVER SEIZED HERE

Truck Halted After Leaving Dock and the Driver Arrested.

Two detectives found out yesterday how beer runners smuggle their truckloads of contraband into St. Louis from Illinois without risking detection by the vigilant police guards on the three bridges.

The discovery came when two special officers, driving along the levee, saw a truck on the ferryboat Julius S. Walsh, which was docking at Valentine street. Not that a truck on a ferryboat is unusual. But this truck was discreetly covered with a tarpaulin and altogether looked as though it merited inspection.

Followed by Detectives.

The detectives waited until the truck was driven off the dock and up the levee and then followed. They stopped it at Spruce street. The driver, describing himself as James Gore of 2710 Blair avenue, declared his load was beverage, but declined to reveal the origin or destination of the shipment. The detectives reported the matter to the police. They reported they found 75 cases of what proved under chemical test to be real beer. The driver was arrested charged with transportation and possession of liquor.

Liquor Found in Basement Near Saloon, Two Men Arrested.

George E. Sam Jr. and Edward W. Sternberg, who, the police say, are proprietors of a saloon at 3557 California avenue, were arrested in a raid there yesterday. Police reported that in a basement adjoining the saloon cellar they found two gallons of brandy, a gallon of alcohol, a gallon of whisky and 25 cases of beer.

Attracted by the sight of a man who ran from a shed in the rear of a saloon at 2700 South Fourth street yesterday, two detectives entered the shed. They reported they found 75 cases of "spiked" beer and a gallon of alcohol there. There was no one in the saloon, although the doors were open, and no arrests were made.

Warrants Refused in 21 of 28 Liquor Seizures.

Holding that the evidence had been obtained in an illegal manner, Assistant Prosecuting Attorney Fania yesterday refused to issue 21 of the 28 warrants for which police applied against persons in whose saloons or homes they reported finding intoxicating liquor.

Warrants were issued in cases where raids were made under proper search warrants or where the evidence was obtained in legal manner.

Warrants were refused in two cases where police admitted raiding private homes without search warrant. In one of these cases police said they entered a home with a duplicate key and confiscated several bottles of home brew from an ice box.

The application for a warrant against Fred Rein, whose saloon at 2300 Alabama avenue was raided by police last Saturday under a search warrant, was refused because raiders stated that one pint of whisky had been found on a stairway leading to the second floor, on a part of the premises not described in the search warrant.

Liquor obtained from a locker in a room adjoining a saloon at 7931 South Broadway was procured illegally, Fania held, in refusing to issue a warrant against Clay King, a bartender in the saloon. Police stated that the locker had been opened with keys tendered them by King.

VANDAL WITH AX TRIES TO DESTROY RODIN STATUES

Guards at Monument Prevent Him from Doing Any Harm to Masterpieces.

Special Cable to the Post-Dispatch and the Chicago Daily News, Copyright 1922.

PARIS, Sept. 22.—Another vandal attempted on Monday night to enter the Rodin museum, where most of the works of the great sculptor are kept. He was armed with an ax and a mallet, with which he planned to wreck "The Thinker," the "Bronze Age" and other masterpieces.

The vandal was apprehended, before he could do any harm, by guards who have been on duty since a similar happening in the early summer, when a boy scaled the walls of the garden outside the museum and proceeded to knock apart, then saw into pieces, the great bronze statue of Adam which stood before the portals. He was arrested while trying to dispose of chunks of the metal at an art shop. He was adjudged insane. Similar attacks were made during Rodin's life time.

Coincident with news of the attempted vandalism comes the announcement that Jules Marmann of Philadelphia has purchased from the French Government (the sum running into six figures) no less than 55 statues of Rodin, which he plans to exhibit in Philadelphia. Marmann's collection, which includes the largest statue of Rodin, will be housed in the Philadelphia Museum.

WATROUS LEADS HAGEN IN FIRST ROUND MATCH IN PRO TOURNEY

Champion Takes A 77 and Is 2 Down in Match

Jack Burke 6 Up on Gene Sarazen After First 18 Holes.

CHICAGO, Sept. 22.—Walter Hagen of Pasadena, Fla., faltered today in defending his title as professional golfers' champion, and finished the first 18 holes over No. 3 course at the Olympia Fields Country Club 2 down to All Watson of Grand Rapids. Watrous did not score as well as he did yesterday in winning a gold medal with a pair of 78s, but he was only 4 above par with 74, while Hagen took 79-28-77.

Dan Williams of New York chalked up a score of 74-35-69 on the No. 4 course to gain a lead of 6 up over Charles Hoffer of Philadelphia, although the latter had a fair score of 75.

Mike Brady of New York, who scored 74-36-79 on No. 3 links gained what seemed to be an insurmountable lead of 8 up over Joe Collins of Muncie, Ind., as the Hoffer was 8 above par with a 78.

John Farrell of New York had to wait until the first nine of No. 2 course in order to gain a lead of 2 up over Bill Crenshaw of Oklahoma City, and Harry Cooper of Dallas had to play equally as well to be 3 up on Jack Harkness of Kenosha.

One of the Easterners, Leo Diegel of New York, played consistently by scoring 37 on each nine of No. 3 links to lead Laurie Ayton of Chicago by four holes.

Gene Sarazen, metropolitan champion, took 78 strokes on No. 3 course and went 6 down to Jack Burke of Houston. The Texas scored both nines in 36 and went 3 up at the turn as Sarazen took 41 on the first half and was two over par with a 27 on the second.

Scores at the end of 18 holes: George Griffin, Philadelphia, square with Tom Armour of New York.

Willie Ogg, Worcester, 2 up on Morris Dutra, Aberdeen, Wash.

John Farrell, New York, 2 up on Bill Crenshaw, Oklahoma City.

Jack Burke, Houston, 6 up on Gene Sarazen, New York.

Ray Derr, Cincinnati, 1 up on Alie Espinoza, San Antonio.

Tom Kerrigan, New York, 2 up on George Smith, St. Paul.

Dan Williams, New York, 6 up on Charles Hoffer, Philadelphia.

Leo Diegel, New York, 4 up on Laurie Ayton, Chicago.

Bobby Cruikshank, Oklahoma City, was square with William Leach, Philadelphia.

Mike Brady, New York, was 5 up on Joe Collins of Muncie, Ind.

Bill McIlhenny, Chicago, was 5 up on Emmett French, Youngstown.

At Watrous of Grand Rapids was 2 up on Walter Hagen.

Al Espinoza, Chicago, was 3 up on George Howard, Canton, O.

Harry Cooper, Dallas, was 5 up on Jack Harkness, Kenosha.

John Golden, New York, was 6 up on Dave Robertson, Detroit.

Bubbling Over Out for 10 Days

NEW YORK, Sept. 22.—E. R. Bradley's Bubbling Over, rated by many as the equal of Pompey and Haste among the 2-year-olds of the season, is suffering with an infected foot at the Havre de Grace track in Maryland.

Bradley was so worried over the condition of his good colt that he asked a New York veterinarian to make the journey to Maryland on Sunday to pass judgment. The veterinarian advised that Bubbling Over have a complete rest of at least 10 days so as to give the foot every chance to heal.

This means that Bubbling Over will not be a starter in the Eastern Shore Handicap of \$15,000 at Havre de Grace tomorrow, a race for which he had been favorite.

Bubbling Over is eligible for the Kentucky Jockey Club Stakes of \$15,000 at Louisville, and for the Pimlico Futurity of \$25,000 at Pimlico in November. Both races are at one mile.

HUBBELL AND LOFTUS SENT TO MINNEAPOLIS

CHICAGO, Sept. 22.—Wilbur Hubbell, a pitcher, and Dick Loftus, an outfielder, have been released outright by the Robins to the Minneapolis club of the American Association. Wilbert Robinson, president of the Robins, announced news last night. The two players will depart today for their new team.

Mike Kelly, owner of the Minneapolis club, arrived here yesterday and he brought with him a right-handed pitcher with him. Kelly, who was bought by the Robins from the Minneapolis club for \$25,000, will finish the season with Brooklyn.

The Robins obtained Hubbell from the Phillies early this season in exchange for Arthur Decatur. Loftus had been with the team three years but never played as a regular. It is believed that Brooklyn will get a player from Minneapolis in exchange for the pitcher and outfielder.

Army Football Outlook Brighter, Coaches Believe

Three Weeks' Practice Brings Hope — Daily Improving as a Passer.

WEST POINT, Sept. 22.—The Army team has had three weeks of practice and the belief of McElwan and the other coaches is that the prospects are brighter than appeared at the start of the season.

This applies not so much to the finding of capable substitutes as to the fact that the first-string men (most of whom are left over from other years) are in excellent physical shape and almost on edge for the first game with Detroit, Oct. 2.

McElwan believes that one more week of scrimmaging will just about bring the team to where it should be for the opening game. This is a big point, because the first two games with Detroit and Knus will not be easy in any sense, and they are followed immediately by Notre Dame on Oct. 17. Following Notre Dame, St. Louis University plays at West Point on Oct. 24. McElwan and Wandell must have the team at top form by Oct. 17, and must keep it on edge, therefore, for the balance of the season.

Coaches Pleased with Showing. The scrimmaging has been more than satisfactory. All the coaches are pleased with the showing made. Buell's showing in the backfield caused comment by McElwan. He is playing his second year. Daily, at center, has shown constant improvement, especially in passing. This has been the chief worry of the coaches, for in other respects, especially in defensive work, Buell has been all that could be desired.

The end-material is the same. No outstanding substitutes have yet been found to replace Captain Baxter and Born in case of injuries. The latter looks to be the permanent choice to playing opposite Baxter. Gilbert, however, playing his third year, showed fine stuff on defense all last week.

The First Team Line. The first team line seems to be the same as last week, with Baxter and Born at ends, Sprague and Connors and Perry, tackles. Sprague and Born in case of injuries. The latter looks to be the permanent choice to playing opposite Baxter. Gilbert, however, playing his third year, showed fine stuff on defense all last week.

6 St. Louis Boys On Coliseum Card

Principals in All Matches on Sept. 30 Program Due 4 Days in Advance.

The entire troupe of pugilistic performers rounded up by Matchmaker Gene Straus for the five attractions of his professional boxing inaugural on the night of September 29, will exhibit their fistic talents in public training workouts for at least four days before they step into the New Coliseum arena, according to plans Straus has outlined.

Six of the ten bidders scheduled to appear on the New Coliseum card are St. Louis boys. They are already in training at local gymnasiums. Jackie Poole, one of the other four, is preparing over in Belleville, but will shift his training quarters to a downtown gym within the next few days. He meets Morris King in a 6-round preliminary.

Phil Kaplan, Newark boxer, and Eddie "Kid" Wagner, the Philadelphia lightweight favorite, are scheduled to report here Friday afternoon. Kaplan meets Jimmy Gorry of Wileston, in one of the three 10-round attractions. Wagner tackles Basil Galiano of New Orleans in another feature bout. Galiano sent word yesterday that he would report in St. Louis Saturday morning.

Rafaelo, National amateur champion, and George Butch, who will meet in a 10-round contest involving local featherweight champion Ed Smith at Pards, have been following strenuous conditioning courses for several days at downtown gymnasiums. Alfano works out at the Business Men's Gymnasium while Butch is preparing at the National.

Club officials have received telegrams from Paduch, Ky.; Alton, Ill.; Hannibal, Mo.; and Cape Girardeau, Mo., requesting ticket reservations.

Tickets were placed on sale last Saturday. Prices range from \$1.10 for upper balcony admissions, to \$2.50. There will be no reservations in the lower balcony. Seats in this section are selling for \$2.25. All prices include the city and Federal Government tax.

All ticket purchasers are requested to show membership cards before they are issued reservations.

FOOTBALL BRIEFS

Big Ten.

Bloomington, Ind.—New plays were handed out to varsity football candidates at Indiana University by Head Coach "Navy" Bill Ingram during a long practice session. Veterans were given preference in an indication of a tentative first team. Capt. Marks, Samli, Byers and Fruchs holding berths in the backfield.

COLUMBUS, O.—Gene A. Wilce put the Ohio state squad through two hard signal drills. Many of the plays which will be used against Chicago on Oct. 10 were rehearsed in the signal drills. A. Wilce, being stressed.

MINNEAPOLIS, Minn.—Joe Spore eased up on the Minnesota football team and surprised his men by disliking out light signals daily. Review of line tactics and a brief running and tackling practice.

MADISON, Wis.—The Wisconsin football squad put in another hard day of practice today. Wisconsin was exposed in scrimmages Saturday. Opening of classes today will lighten the workload.

BERNARD, N. Y.—Prospects for a strong Illinois line lightened considerably when Bernie Shively, veteran 210-pound tackle, unexpectedly reported for practice. Coach Zimmerman sent the team through two hard scrimmages.

ANN ARBOR, Mich.—Selected groups of University of Michigan football candidates were engaged in an endeavor to reach about the first cut to be made in the squad. Morning drill was devoted to forward passing, dummy work and scrimmages while in the afternoon session they were given instruction individually and in small groups.

LAFAYETTE, Ind.—Light scrimmaging with four eleven being in action at different times marked the football drill at Purdue today. One combination—Capt. Harmon and Wilcox halfbacks; Gladens, fullback; Mookbrad, quarterback; Anderson and Mierlan, guards; Zolly, center; Brown and Shennet, tackles; and Crawford and a fifthman, ends—was particularly good.

IOWA CITY, Ia.—Iowa football stock took a jump with the appearance in uniform of Ray Dauber, veteran halfback, who has been out with a sprained ankle. Coach Ingwersen sent his line men through a long session in the backfield in an endeavor to reach about the first cut to be made in the squad. Dauber, departed negro tackle.

NOTHING BUT GLOOM. LITHIA, N. Y.—They're just a lot of scholars dressed up as athletes that's what I think about Phi Beta Kappa kids. Instead of "interference" is "Glimmy Kid" Doble's opinion of his 1923 crop of Cornell University football candidates.

I haven't a real athlete on the squad," he added.

But, behind that veil of gloom which Doble actually reads about his football prospects there is one ray of optimism. He expects to win three national titles.

Doble admitted that the "big red team" might win against Syracuse, Cornell and Princeton. But he classified Williams, Rutgers, Columbia, Dartmouth and Pennsylvania in the same catagory—"the football conglomeration of Cornell."

"But," added the veteran coach.

ALONSO AND NORTON WIN DOUBLES MATCH

CLEVELAND, O., Sept. 22.—William Cleveland, national singles champion, and Neil Sullivan, Philadelphia, national intercollegiate doubles champions, were defeated 6-2, 2-6, 7-5, 6-4, by Manuel Alonso, Spain, and Brian L. C. Norton, St. Louis, in the first round of a round robin tournament here yesterday.

The tournament is being played with the annual intercollegiate doubles championship.

In the only championship match, George Lott and George O'Connor, Chicago, eliminated R. Todman and C. Rowell, Akron, 6-2, 6-1, 3-6, 6-2.

400 Race Horses Now at Fairmount

Arrival of 54 Today Arouses Fear Capacity May Be Inadequate Later.

Fifty-four more racehorses arrived at Fairmount Racetrack today, increasing the total number of thoroughbreds on the grounds to 400, according to Racing Secretary Reeder. The barns are filling so rapidly that, if the arrivals continue, the capacity of the grounds, reckoned at about 700, may be strained, officials fear.

Among the newly arrived stables were those of Maj. T. C. McDowell, who is one of the racing stables, 12 head, from Latonia; Art Goldblatt, 9, from Latonia; Charles Irby, 5, from Toronto; Owen Pons, 8, from Toronto; E. G. Major and Olin Johnson, with 8 each, from Aurora.

Lawrence, Kan.—Pete Clark was a pleased smile as he gazed into lowering clouds after a hard day of racing in the mud yesterday. Clark wants the Kansas squad to work with a slippery ball, figuring probable wet weather for early games.

NORMAN, Ok.—Gloom settled over the Sooner camp with word that Roy "Big Boy" Lewis, veteran halfback, and punter, has enrolled in Leland-Stanford, leaving the open camp virtually without a kicker.

MANHATTAN, Kan.—The Kansas Aggies planned signal practice in the gymnasium today, if rain continues. The day before they arrived it rained.

Goldblatt's stable includes some good ones: My Dream, Nayad, Sier's Alibi, Burke's Boy, Pacier, Lierre, Tennis, Bertram W. and Tiptoe Inn.

The track is very heavy from recent rains. It had been very dusty, and the management had just spent \$4000 for sprinkling machines. The day before they arrived it rained.

KLING Tigers Drilled
On Plays for
Tulane Contender

Missouri Eleven to Open Season at New Orleans Oct. 3.

COLUMBIA, Mo., Sept. 22.—With the first week of football practice completed at the University of Missouri, Coach Guy Henry is well satisfied with showing made by his men. At a week's work in the drills which ran the whole length of the football strategy and technique, Henry gave his men a chance to demonstrate what they learned when he sent them to use against Tulane at New Orleans, Oct. 3. For that reason, he expects to devote much of the time this week to scrimmages, and his more inexperienced men are getting the benefit of the lead, in the use of materially strengthening reserves.

Reserves Important.
Reserves, Coach Henry believes may be the deciding factor in Tulane game, as he expects New Orleans team to put his line up out of the running of the game.

The Tigers this week are working behind closed doors. Scrimmages are being held in the gymnasium, and the team is being drilled against the freshmen there. A rumor about the campus scouts from Tulane had been circulating for several days.

With the exception of the annual varsity-freshman game next Saturday afternoon, Missouri follows the usual schedule of practice.

LENHARDT FILES SUIT
FOR \$150,000 DAMAGES

Twelve Persons Accused of
Torturing Man Exonerated in
Case of Wife's Death.

Methods by which George Lenhardt alleges he was tortured while under arrest for the murder of his wife, Sadie, of which he has since been exonerated, are set forth in a suit for \$150,000 damages which he filed yesterday against eight St. Louis County officers and four private detectives.

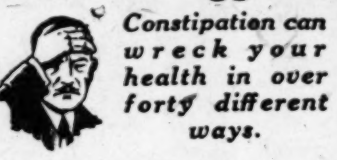

Lenhardt charges he was suspended in the air, head downward, with his feet tied, also suspended with a rope about his neck and his feet off the floor, was beaten with a rubber hose, knocked down and pulled up by the hair, his arms and neck were twisted, the tissues of his muscles were strained and torn, he was threatened with death, was deprived of food, water and sleep, and was handcuffed and not permitted to sit down, during questioning by the defendants for 36 hours, from 1 p. m. Aug. 20, to 5 a. m. the following day.

Must Undergo Operation.
As a result, it is stated, Lenhardt was confined to the city hospital for a week and now must undergo a major operation to relieve an invalid condition.

His \$25,000 actual and \$25,000 punitive damages for the arrest, which he claims was made without service of warrant, and \$50,000 actual and \$50,000 punitive damages for the alleged "third-degree" mistreatment. Defendants named are Constable George Roth of Central Township and seven of his deputies, L. L. Shaffer, Harvey Litzmeyer, J. P. Baum, Frank Robinson, Warren Ketchum, Sam Schemm and George Marion. Edward J. and George Hargrave, officers of the Hargrave Secret Service Agency, and two of its operatives, B. B. McNeely and Max Lander.

Held Twice for Investigation.
Lenhardt is a blacksmith's helper. His estranged wife was found in a ravine near their Oakville home, Aug. 1, with a bullet in her head and a revolver near her body. Her husband was arrested twice for investigation.

Stop Pain

No matter where your pain is located—in the back, shoulders, arms, legs or loins—you can get relief without taking anything to deaden the nerves.

Most people do not know that sciatica, rheumatism, neuralgia, bad teeth, colds and other ailments often end up in neuritis or nerve inflammation.

The quickest way to reach the diseased nerve is by absorption. That's where Tysol gets in its work. Tysol is applied over the spot where you feel the pain and is taken up through the pores of the skin.

It soothes and heals the inflamed nerve, helping to restore them to healthy condition.

Tysol contains no drugs—no poison. Absolutely harmless. For sale by J. & L. Dolph, Wolff-Wilson and leading drug stores everywhere. Price \$1. If your druggist can't supply you, order direct from Tysol Company, Mt. Carmel, Ill.

Dried Fruit.

All dried fruit should be fully washed and allowed to dry in cold water before placing in the oven.

The New Home.

If you are superintending finishing touches of your home, do not forget to look at the height of the sink and see if it is a convenient distance from the floor, so it will not cause back from constant stooping. The age sink is too low for women and a bride cannot just how often she will stoop the sink, so just on general principles see that it is a comfortable height.

Timely Tips.

Wash hairbrushes in soap and water. Sprinkle linens more than do other materials. Always strew the fruit of child under 2 years of age. Dried orange peelings will prevent moths and leave a pleasant odor. Colored cotton dresses should be starched with cold water and dried in the shade.

The diary of Sylvia Smartly, a modern society girl, who tests a time-honored means to attract the indifferent male.

By FLORENCE CLARK

TUESDAY.

DEAR DIARY: Bob telephoned me this evening just as though not a day had passed since last he called. And it has been four days, four days of 98 hours each.

I have poised: I will say that for myself. I felt like saying, "where have you been keeping yourself?" and all that silly talk and I'm afraid I would have, but Bob did all the talking for a few minutes and by the time he'd finished I had recovered from my astonishment. Yes, I have poised!

Bob asked me to go to the exhibition of modern artists at the Marwin Galleries. I don't know a thing about art, but I didn't suppose Bob did either, for that's the last thing in the world he is—arty.

Anyway, I've often read chapters in books where a girl and a man walked through an art gallery and never looked at the pictures at all—just talked.

I met him and wore the Venetian green coat with the white velvet collar. He hasn't seen it before, so that was all right. I hate to have him see me wearing the same outfit twice.

We were walking through the gallery—he held my hand for a moment. "Sylvia," he said. "I want to tell you how much."

I'll never know what he was going to say. Rowena appeared before us like a vision—a vision in mahogany velvet and sable. The coat positively dripped saffron and a strip of the most beautiful embroidery I have ever seen ran up the middle of the back and tucked away under the collar. Her hat was velvet, the color of the saffron, and trimmed with furballs.

Wheat Cakes. Mix together three level cupfuls of sifted flour and three tablespoonfuls of baking powder, a half teaspoonful of salt and a teaspoonful of sugar. Beat the yolks of three eggs into a pint of milk, then gradually add the dry ingredients, beating all smooth. Add a tablespoonful of melted butter and last of all the whites of the eggs stiffly beaten may be folded in. This recipe makes two dozen cakes.

Dawn.

IN gradual glory rose morning's light creeps up the east and banishes the night. And with its flush come birds' faint twitterings, pressing floods of song and swirl of wings. No hour is all the journey of the earth is lovelier than this, which gives day birth, which brings sun's splendor after starlight's dole, and with the sun of promise lights man's soul. For see! The dawn with day's renewal brings a hope so potent that the spirit sings; a flood of faith that lifts man on its crest and bears him up, serene, secure and blest! This dawn is but a symbol set on high to show how soon man's griefs will pass him by, and like the veils of night that vexed his way, will all dissolve before Love's golden ray.

Strength of character is not mere strength of feeling—it is the resolute restraint of strong feeling. It is unyielding resistance to weakness, without or without us from within.—Dickens.

HOME MAKING HELPS

THE MODERN KITCHEN

THOUGH in many instances the dining room has disappeared from the modern home, the kitchen has assumed great importance. Serious thought has been given to the arrangement of the fixtures and their height above the dishpan, to the best type of sink and draining boards, to the height of the sink, which enables one to stand erect instead of stooping while using it.

The kitchen closets are built with low shelves and the closet designed for cleaning paraphernalia is well ventilated by a specially constructed door. The refrigerator is placed in the coolest corner and in some cases may be filled from the outside. In many instances it is arranged in a cool pantry, that adjoins the kitchen. Step-saving is taken into consideration, and where the most labor is concentrated, around stove sink and serving tables, the distances are shortened as far as practicable, with the zinc-covered serving table on large castors, so it may be rolled up to the stove

joint and rounded in the corners where it reaches the floor to save dirt collecting in corners. The floor is hard wood, oiled or stained, painted or covered with linoleum, which is also easy to clean. Oilcloth curtains shade the windows and screens keep out all flying insects.

Food containers and kitchen pottery are the joy of the modern housewife and often lead to undue extravagance unless she is wise in planning her needs.

Housekeeping is a science and deserves a kitchen shrine that is in every way worthy of its calling.

"With CHIPSO'S help dishwashing is no bugbear"

writes Mrs. Stice, winner of a \$20.00 Chipso prize

Mrs. Henry S. Stice, 1706 Fifth St., Madison, Ill., sends us the letter reproduced below and is awarded a \$20.00 cash prize in the second Chipso letter-writing contest. Since her letter contained the top flap from a box of Chipso, Mrs. Stice earns the special double prize of \$20.00 mentioned in the contest announcement last week. The three other prize winners in this contest will be announced in subsequent issues of this paper. Mrs. Stice buys her Chipso from Meinecke & Burch, Madison, Illinois.

You will find every word of Mrs. Stice's letter of real interest and importance. After reading it, you will readily understand why dishwashing in her home is no longer a "bugbear."

PROCTER & GAMBLE Cincinnati, Ohio

Since I saw your first Chipso advertisements, I have been a regular user, finding it especially valuable for dishwashing. This is a task which has to be faced three times a day, but with Chipso's help it is no bugbear.

First—The flakes dissolve instantly, and there is no waiting

for suds to form. Our city water is unusually hard but Chipso softens it wonderfully.

Second—The dishes are washed with much less time and effort. The warm Chipso suds fairly melts the dirt from them, and the task is soon done.

Third—There is no strong, unpleasant odor as some other soaps and powders produce.

Fourth—My hands were so roughened by other soaps that I was using an expensive brand of flakes for dishwashing. Now Chipso keeps my hands soft and smooth and gives just as satisfactory results with much less expense.

Mrs. Henry S. Stice, 1706 Fifth Street, Madison, Illinois

Nothing makes friends like Chipso. If you value your time, your good looks and your comfort, be sure to get a package of Chipso from your grocer and let it save you needlessly hard work. All good grocers carry Chipso in two generous sizes. Chipso's economy in dishwashing and in all other cleaning tasks about the house will agreeably surprise you.

THE PASSING SHOW.

I HEAR that France will start to pay next year. Upon the twenty-year installment plan. Continuing until she's in the clear. And doesn't owe a single iron man. The way we used to purchase many chatties. Including "Byron," "Keats" and "Famous Battles." The local fans were filled with much alarm. Because of stories broadcast by Dame Rumor. Who said that on Joe Dush's pitching arm. There grew ingrowing freckles or a tumor. But, if you'll ask most any Yankee batter. He'll tell you there was not a thing the matter.

Joe took his former playmates into camp. And shut 'em out with eclat and precision. He may have had a tumor or a cramp. But, it was not apparent to the vision.

And from the way he had the Yankees swinging. There wasn't much the matter with his flinging.

Big Bill annexed the championship again.

And proved that he is still the same old master.

For, when those two hook up the fact is plain.

That Little Bill will surely court disaster.

While Little Bill is quite a shark at tennis.

He cannot overcome the larger menace.

QUITE SO.

The Browns and Cards are not going anywhere in particular but they are certainly on their way.

The only trouble is they started a little too late and got pocketed. Watch 'em next year!

SHENANDOAH COMMANDER DID OBJECT TO LAST TRIP

Documents Read at Inquiry Show He Recommended Postponement for One Week.

FACILITIES, NOT WEATHER, CAUSE

Navy Department, However, Was Anxious for Dirigible to Visit State Fairs in West.

By the Associated Press.

WASHINGTON, Sept. 22.—

The Shenandoah was ordered on her fatal flight to the West on Sept. 2, despite recommendations of Lieutenant-Commander Zachary Lansdowne that the trip be deferred until the second week in September.

This is shown by official documents read into the record of the naval court of inquiry today by Capt. George W. Steele Jr., commander of the Lakehurst air station.

The Navy Department had disapproved his plan for starting at the later period. Lansdowne made no further protest. Capt. Steele declared to the court.

The correspondence showed that the department was very anxious to have the great airship visit State fairs in Ohio, Indiana, Michigan, Iowa and other Western states during the first two weeks of September.

Lansdowne, however, pointed out that there would not be time to complete preparations at Scott Field, Ill., for the reception of the ship, he would suggest that the voyage be deferred until the second week.

Department Fixed Itinerary.

The Navy Department disapproved of this plan, fixed the itinerary and particularly of the moral structure. Cap. Steele told the court that her condition at the time of her departure met with his entire approval. He said that the flight was undertaken by officers and men in the very hopeful spirit of bringing the utility and desirability of this type of craft home to the people of the country.

Order Disapproving Delay.

The confidential order of the chief of Naval Operations to Commander Lansdowne disapproving postponement of the flight to the second week in September, was dated Aug. 12, and is as follows:

"1. Orders have been issued (reference B) for the Middle West trip of the Shenandoah in accordance with the general plan submitted by you in your letter (reference B) to proceed from Lakehurst to Minneapolis by way of Scott Field and Des Moines and return by Detroit, with stops at Scott Field and Detroit.

"2. Your recommendation to make the flight the second week in September has not been approved. It is desired that the trip be started Sept. 2. The Shenandoah would fly over the State fairs as follows: Columbus, Sept. 3; Des Moines, Sept. 4; Minneapolis, Sept. 5; Milwaukee, Sept. 5; Detroit, Sept. 6. This includes all the State fairs except that at Indianapolis.

"3. It is stated that a number of cities that have been included in previous itineraries are not included in the report submitted. The omission of these, involving considerable detours, has been approved, but where only slight detours are necessary the cities have been included in the itinerary prescribed (reference B). It is desired that this itinerary be followed as closely as possible, though some of these cities may be passed over at night.

"4. In view of the fact that the Shenandoah moved to moorings at San Diego and Seattle on the Pacific Coast flight last year without previous trial, the necessity of making a trial flight to Detroit is not apparent. In view of the present schedule of the Shenandoah, the department is reluctant to undertake the extra trip unless the commanding officer is convinced of its necessity."

Letter From Lansdowne.

The letter from Commander Lansdowne to the Chief of Operations, dated Aug. 4, to which the foregoing was a reply, is in part as follows:

"It is noted from reference A (Continued on Page 2, Column 4.)
